

Thermoplastic Laminate Composites

- ◆ Specialists in CFRP materials
- ◆ Thermoplastic carbon materials
- ◆ Recycled carbon materials
- ◆ Recycled glass fiber materials
- ◆ Recovered ocean plastics

Thermoplastic
composite laminates

Green & sustainable
composite laminates

End-to-end partner for
service excellence

CompLam Material Co., Ltd.
No. 28, Fenggong Zhong Rd, Shengang District,
Taichung City, 429

Sustainable Carbon Fiber Reinforced Laminates • Components

Injection Molding
Bicycle Saddle

Thermoplastic Injection Molding

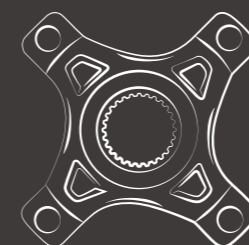

- ◆ Recycled carbon fiber
- ◆ Recovered ocean plastic PA6
- ◆ Compatible with standard molding machines
- ◆ Up to 90% recycled materials

Thermoforming
Bicycle Fender

Thermoformed Composite Laminates

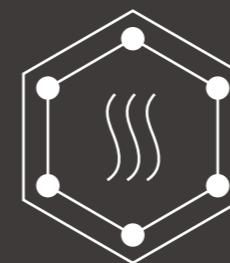

- ◆ Up to 90% recycled materials
- ◆ Customized to client designs
- ◆ Excellent thermoforming properties

Compression Molding
Chainring Spider

Compression Molded Structural Laminates

- ◆ 90% Recycled carbon materials
- ◆ Structurally robust
- ◆ Can incorporate alloy inserts

Materials

- ◆ Non-woven reclaimed carbon felt
- ◆ Pelletized reclaimed carbon fiber
- ◆ Reclaimed carbon thermoplastic laminate
- ◆ Flax & biofiber options
- ◆ Fully recyclable
